

## Clipper Barber Shop

The building that Ginger & Company is located in originally housed a The Clipper Barber Shop. Owned by Rhuel Hallford, The Clipper Barber Shop was open in this location for 42 years. After the barber shop closed, the building was home to a technology store, a loan office, and a clothing store before becoming Ginger & Company, the salon that is housed in the building today. The Vander Woude family bought the building in 2004.
